

GTG-1 GTG KNIVES

The GTG-1 is a serious drop-point, self-defense knife. It can also be a strap cutter and a glass breaker making this an ideal LE duty belt or EDC fixed-blade knife. The knife is made of 1095 steel with a Cerakote finish. It has an overall length of 6.8 inches; blade length is 2.4 inches. The GTG-1 can attach to a MOLLE/PALS tactical vest and its skeletonized handle can be left as is, or wrapped with a paracord. The knife comes with a Kydex sheath. ELZETTA ALPHA MODULAR FLASHLIGHTS ELZETTA DESIGN, LLC

The improved Elzetta Alpha Modular Flashlights now produce 415 lumens (100 more than earlier models) of light while increasing runtime by 10 percent. Intensity of these compact single-cell lights is at 1900 candela, allowing the Alpha to remain a close- to medium-range illumination device with a smooth beam profile. Beam tint remains neutral to optimize color rendition and enhance threat assessment and situational awareness. For more info: (859) 707-7471, www.gunsmagazine.com/company/elzetta-design-llc

PRO TANDEM SERIES IWB HOLSTER NATE SQUARED TACTICAL

Nate Squared Tactical has introduced the new Pro Tandem Series IWB holster. The concealed carry holsters in the series are comfortable to wear with the security of a Level 2 holster. They have N82's Twist Release Retention System and a dual-clip design to make them adjustable. With four different mounting positions for both clips, the Pro Tandem will give users more options for both ride height and cant. The patented layered design of the Pro Tandem holsters keep the mounting hardware away from the skin with a layer of neoprene and soft suede leather. For more info: (336) 479-3561, www.gunsmagazine.com/company/n82-tactical-inc

SIG P938 CUSTOM GRIP WICKED GRIPS

The SIG SAUER P938 Custom Grip (Black Lace V2) from Wicked Grips is not only functional but also fun to own and display. Made from aluminum, the grip is anodized to create custom art — in this case a detailed lace design. Wicked Grips' art designs always flow with, not against, the shape of the grip and of the firearm. Production is limited to only 50 pieces per design. The SIG SAUER P938 Custom Grip comes in a collector tin package. For more info: (810) 412-4037, www.gunsmagazine.com/company/wicked-grips

FIEL TOPS KNIVES

TOPS Knives' Fiel — the word is Spanish for faithful — is a double-edged knife you can rely on for slashing, slicing and stabbing. With an overall length of 6.5 inches, the Fiel's 3-inch blade is made of 1095 RC 56-58 steel with a

tumble finish. Its contoured, skeletonized handle can be wrapped in paracord. The knife comes with a black Kydex sheath set up for neck carry but is also compatible with the Tek-Lok so a user can wear it on a belt. The Fiel is easy to conceal and can be used for EDC, self-defense, military, LE or as a last-resort blade. For more info: (208) 524-0113, www.gunsmagazine.com/company/tops-knives

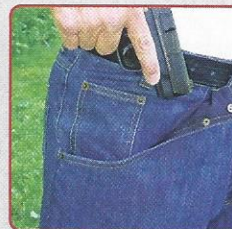

RECEIVER-MOUNTED SHELL CARRIER ADAPTIVE TACTICAL

The Receiver-Mounted Shell Carrier from Adaptive Tactical is available for both Remington and Mossberg pump action shotguns. The convenient shot shell storage device has a simple and sturdy design for quick access and storage of up to six 12-gauge shells from the side of the receiver. The Receiver Mounted Shell Carrier is made from durable, flexible, non-glare and weather-resistant synthetic rubber to securely hold shells without losing shape over time. Ideal for home defense, sport shooting and LE, the carrier's easy-to-install and non-permanent design keep shells close to the receiver for faster reloads while reducing snags. It is compatible with the Remington 870, 1100 and 11-87 and with the Mossberg 500, 88 and 590. For more info: (208) 442-8000, www.gunsmagazine.com/company/adaptive-tactical

CCW SHORTS CCW BREAKAWAYS

After coming up with concealed carry denim jeans in 2012, CCW Breakaways now introduces CCW Shorts. Ideal to use in warm weather, the shorts can be worn with a tucked-in shirt while providing concealment, comfort and mobility. At the same time, they allow a fast, less-than-one-second, one-handed draw. The shorts are made of 100 percent cotton and use YKK-brand zippers. Integrated pockets for ambidextrous firearm carry and concealment are adjustable for multiple firearm sizes and body shapes. For more info: (717) 774-2152, www.gunsmagazine.com/company/ccw-breakaways

FOXTROT1 PISTOL LIGHT SIG SAUER INC.

The FOXTROT1 Pistol Light is a rail-mounted flashlight in SIG SAUER's Electro-Optics line. Available to both civilian and LE markets, the FOXTROT1 features the latest in LED technology and mounts to any Picatinny 1913 or SIG SAUER proprietary rail. Finger-activated switches support right- or left-hand use in either continuous or momentary mode. The white LED runs for more than 2 hours at 200 lumens on a CR123 battery. The FOXTROT1 is ideal for home defense, LE or military applications and will fit most any holster designed for handgun lights. For more info: (603) 610-3000, www.gunsmagazine.com/company/sig-sauer-inc
